

Student Enrolment Procedures

Who can enrol?

Compulsory school aged students are entitled to enrol at the local school that the student is eligible to attend if their home is within that school's local intake area (see map attached). Parents may apply to enrol their child in the school of their choice. However, acceptance is subject to the child being eligible to attend the school and the school being able to accommodate the child.

Parents may enrol a child if they turn 5 years of age on or before 31 July in that year. Students identified as gifted and talented, who are aged 4 years or older at 31 January of the year of enrolment may only be enrolled in accordance with the [Department's High Potential and Gifted Education Policy](#).

Schools require an Authority to Enrol for each temporary resident and international student enrolment which is issued by DE International and the Temporary Resident Program.

Reasonable adjustments are made to enable students with disability to apply for enrolment on the same basis as students without a disability.

Reasonable support is provided to enable students from language backgrounds other than English, in particular those learning English as an Additional Language/Dialect (EAL/D), to apply for enrolment on the same basis as students from English speaking backgrounds.

Residential Address Check

Under the Education Act 1990, principals may require proof of address to their satisfaction in order to establish a child's entitlement to enrol in the school. However, any requests for proof of address must be reasonable in the circumstances.

Schools that are at or nearing their local enrolment buffer will use the following 100-point residential address check to determine the student's entitlement to enrol at the school.

Document showing the full name of the child's parent	Points
1. Only one of (i.e. no additional points for additional documents) <ul style="list-style-type: none"> 1.1. Council rates notice 1.2. Statutory declaration stating the child's residential address, how long they have lived there, and any supporting information or documentation of this</p>	15 each

* Up to 3 months old

Enrolment Cap

An enrolment cap for Maroubra Bay has been set by the Department of Education, based on available permanent accommodation.

Within the enrolment cap, a number of enrolment places (the buffer) must be set aside for the enrolment of local students arriving throughout the year.

Out of Area (OoA) enrolment

If Maroubra Bay can accommodate out of area placements due to being below the enrolment buffer, consideration will be given to;

- the child's age
- the type of school
- the resources of the school
- the existing number of permanent classrooms and other facilities at the school.

Applications

Parents of local area students as well as those out of area are to complete their applications to enrol through the school website <https://maroubra-p.schools.nsw.gov.au/about-our-school/enrolment.html>

Local student applications will be processed by the school office who will then be in contact to complete the 100 point residential address check and confirm the enrolment.

Out of area applications will be assessed by a placement panel at the school. This panel will consist of an Assistant Principal as chairperson, the school administration manager, a classroom teacher and a member of the P&C executive. All members of the panel should have no conflicts of interest when considering the applications.

The school Principal will consider any appeals in the first instance. The appeal is to be in writing and sets out the grounds for appeal. Parents will be advised of the outcome in writing.

Criteria for out of area students include (in priority order);

- siblings already enrolled at the school
- proximity and access to the school
- medical reasons
- compassionate circumstances
- recent change in the local intake area boundaries
- safety and supervision of the student before and after school
- structure and organisation of the school

An enrolment cap for Maroubra Bay has been set by the Department of Education, based on available permanent accommodation.

International students must submit an application to enrol to DoE International and are assessed against departmental and legislative requirements for eligibility. Students must have a student visa issued by the Department of Immigration and Border Protection and an Authority to Enrol (ATE) issued by DoE International to enrol.

Temporary residents may be enrolled at a school if the school can accommodate the enrollment. If a school is at capacity, temporary residents must be referred to the next available school/s with capacity.

International students and temporary residents seeking to enrol from another NSW government school, a non government school or from outside NSW require an Authority to Enrol (ATE) and payment of fees (if applicable).
